### Overview of Purpose and Process

Carrie Baird provided those present with an overview of:

- The Substance Abuse Response Guide and SPF planning process
- One Voice’s experience using this model (in Deltona)
- The reason for creating a Volusia County Substance Abuse Prevention Plan
- The proposed planning timeline

### **Review of Draft Data Profile**

Lynn Kennedy provided an overview of the draft Volusia County Substance Abuse Profile provided to all present highlighting the content of the report (substance use data, consequence data and correlating consequence data for youth and adults) and the gaps in data. Ms. Kennedy also highlighted the different kinds of data that could be included in the profile.

### **Additional Data Suggestions from Advisory Group**

The group discussed additional data that could be included in the report and potential sources of that data. One Voice for Volusia will follow-up and collect additional available data.

### **Preliminary Input on Desired Focus**

The group provided preliminary input, based on the data collected to date, on potential areas of focus for:

1. Substance Use (youth and adult)
2. Consequences
3. Local Contributing Factors

### **Review of Preliminary Dates for Upcoming Meetings**

Ms. Baird asked those present for feedback on potential days and times for a next meeting. The final meeting day, time and location will be shared with all present.

### **Adjournment**

Ms. Baird thanked the Substance Abuse Taskforce for allowing One Voice for Volusia to utilize their meeting for the first planning session and thanked those present for their active participation in the discussion.
